## Measurements:

- card base 4 1/4" X 5 1/2" score at 2", 4", 8" & 10"
- DSP 12" X 5 1/4" tall
- inside White 3 3/4" X 5", front square 2 1/2"
- colored front 2 3/4" square

## Directions:

1. Make a mark from the bottom of each end of the DSP at 2 5/8". Now cut up to the 4" & 8" score lines and remove those corners. You'll flip these upside down and adhere to the bottom corners of the DSP folded piece.
2. Adhere the center of the DSP layer to the card base.
3. Die-cut or stamp the White square for the front, making sure you remember it's at an angle on the finished card. Adhere to the colored CS layer. Adhere to only the left side of the DSP (while both sides are closed).
4. Add embellishments as desired.
5. Stamp the inside White and adhere.
