## Directions:

1. After scoring your box piece, cut up from the short ends to the score line. Cut a small angle from the outside two squares where they touch the center square.
2. Fold your box and secure the ends in place.
3. Fold the inside bar piece on the score lines. Decide if you're putting it in the center or towards the back for a gift card enclosure. Adhere so the folds are even with the top of the box. Adhere two handles back to back to the center bar. Add a few Classic Matte dots to the handles if desired.
4. Adhere the designer paper pieces.
5. If adding the peg board, add this now to the very back of the box.
6. Fussy cut or die-cut assorted tools from the Trusty Toolbox designer paper. Adhere them to the front, middle and back of the box. Or hanging on the peg board.
7. If adding the 'Celebrate' to the front, die-cut the word and use a brayer to lightly add Gray Granite ink to the texture. Add with Stampin' Dimensionals.
